NORDALE MEK SOLVENT

TECHNICAL DATA SHEET

DESCRIPTION & USES:

Nordale MEK Solvent is used as a cleaner/thinner for PVC and polyurethane materials. This solvent can also be used to clean adhesives based on polyurethane. It is not suitable for cleaning equipment used for polystyrene foam since the solvent will attack polystyrene foam.

PROPERTIES:

- Appearance: Clear colourless liquid.
- Specific Gravity: Approx 0.80
- **Viscosity: Water thin.**

Note: Additional information on physical properties, health hazards, storage, handling and transport is available in the Material Safety Data Sheet (MSDS).
